ATTORNEY AT LAW

*CHOSEN TO 2010 SUPER LAWYERS®

“I enjoy handling challenging cases that achieve a successful outcome.”

PLAINTIFFS’ PERSONAL INJURY lawyer Kelly L. Andersen has practiced as a trial attorney for three decades, representing a wide variety of personal injury and wrongful death cases resulting from motor vehicle collisions, medical malpractice, products and premises liability, and professional negligence. “Many attorneys dabble in personal injury but have the good sense to pass on a case that is beyond their experience or their ability to finance,” says Andersen, who receives many referrals for substantial cases in Southern Oregon.

TOTAL ENGAGEMENT IN EACH CASE

“I really enjoy what I do,” says Andersen, who felt drawn to plaintiffs’ personal injury early in his career.

“I found it the most interesting, the most challenging, and the most creative,” he says. “It’s the trial work that fascinates me. I enjoy challenging cases that achieve a successful outcome.”

“It’s very satisfying to hear the client’s story, gather and analyze the facts, research how the law applies and then make a discovery that makes a huge difference in the outcome.”
